

43# Coated TT SnappLock B 40#

Item # C1106

Face An economical coated paper designed for excellent TT printing and converting.

Caliper	.0029" + / -10%
Basis Weight	43lbs/ream

Adhesive SnappLock is an aggressive hot melt adhesive featuring high initial tack and SAFT. This adhesive has excellent die cutting capabilities that will maximize press speeds and still offer high initial tack. Snapplock has been used on various surfaces including recycled corrugated, stainless steel, powder coated products, various plastics, as well as surfaces with a moderate amount of texture. Also works well in cylindrical applications.

Caliper	.0014" +/-10%
Min. Application Temperature	45°F
Service Temperature Range	-20° to +160°F
Loop Tack	126 oz/in ²

Liner A 40# liner (2.5Mil) bleached, super calendered kraft liner featuring excellent die cutting and matrix stripping.
